

# OUR TOWN

Vol. XIV. Number 41

Narberth, Pa., Saturday, July 14, 1928

PRICE, THREE CENTS

## GREAT CROWD SEES HILDALE CONQUER

Winning Streak Broken as a  
Slugging Contest Goes  
to Colored Champs.

2000 WERE PRESENT

Before a crowd of 2000 people Narberth's winning streak of six straight came to an abrupt end as Hildale emerged victorious by a 13 to 8 score in a slugfest on the playground Monday night. Not since 1923 has such a crowd gathered for any event in the borough. Cars were parked in three lines along Wynnewood road, Windsor avenue was choked, cars were lined up on the south side on Elmwood avenue, and the lower end of Haverford avenue held its share. Ropes were used on the field to keep the fans back.

The game commenced as a red-hot affair and never let up. Hildale's two runs in the first were matched and bettered by Narberth's three. Narberth's lead was short-lived, however, as the visitors continued their heavy hitting, culminating with a cyclone in the fifth when they added five runs to their total. Up to this time Murphy, imported moundsman from the West Philco team, had been holding his own. Beginning with the sixth, Bill Durbin, star of many games, was rushed into the fray and held the Darby Daisies in check, but it was too late, the damage had been done and Narberth could not quite catch up.

By defeating Narberth, Hildale resumed its former stride, as the visitors had dropped a couple lately. With 49 scalps under their belt they journeyed 25 miles to tally 50 out of 65 games. Cockrell was the winning hurler. Cannady, on first base, was better than par. Stevens, playing shortstop, was a wonder, and all in all they showed themselves as masters of the game.

The first inning had the fans agog. Briggs opened on Murphy with a single, Warfield followed suit with one to center field and stole second, Cannady sacrificed Briggs home. Charleston walked and Dallard singled, forwarding Warfield. Johnson's pop to Gilfillan ended their share of the inning with two runs.

In their end Narberth landed in much the same manner. Townsend started the session with a single, Gilfillan hit a bouncer to the second baseman, who barely failed to oust Townsend. Johnson's excellent assist later caught Charlie off guard. Lindsay singled to left field, Master fled to center and Mac walked, filling the sacks. The crowd howled

## TWO TOTS INJURED CROSSING STREETS

Narberth and Ardmore Girls  
Have Narrow Escapes,  
Are Bruised.

SEVERAL AUTOS CRASH

Two little girls crossing streets were run down, and several collisions were reported in Lower Merion automobile mishaps over the week-end. None of the accidents resulted in serious injuries, and in most cases little damage was done to the cars involved in smash-ups.

Cars driven by E. J. Heacock, Philadelphia, and by Samuel Evans, who gave his address as 146 Walnut avenue, Ardmore, crashed at Lehigh and Lancaster avenues, Ardmore, 11 P. M., Friday. Both cars departed without any charges being preferred, according to Officer L. Beggs.

Several accidents occurred on Saturday, commencing 10.40 A. M., when a truck loaded with sand proceeding on the wrong side of Lancaster pike in Overbrook, crashed the left side of a car owned by Albert W. Randall, Atglen, Chester county. Charges were preferred against the truck driver.

At 12.30 P. M. the same day, a car owned by C. L. Stanton, Ardmore, and driven by James Kelly, 168 St. Paul's road, Ardmore, was going west on Gulph road when it was struck by a Philadelphia

## New Baseball Team, the Elm A. C., Made Its Debut Here Thursday

A new baseball team saw the light of day this week with the birth of Elm A. C., which played and won its first game Thursday night from the Philadelphia Cardinals.

Rumors had been rife in the borough for several days about this club. "It is starting up in competition to the regular Narberth Club," said some wisecracks. "Secession," said others. While it is true there are a couple of names in its lineup seen in the Narberth Club, there was only one regular of Walzer's clan who played in the opening game, and that was with Fred's permission.

No regular manager has been chosen for the new organization as yet, though George Babb is directing the team's destinies at present.

In the game Thursday night, which Elm won 3 to 1 when it was called at the end of the sixth inning, the batting order was as follows: Mulligan, Heckel, Harris, Babb, Richardson, Mawnee, Riley, Diamond, Chalfont, Odiorne, Blessing. It is rumored that Vernie Fleck will be seen in the new club's lineup when his business affairs permit.

News of this organization leaked out when application was made to the recreation board for the use of the playground on Tuesdays and Thursdays for games. Thereupon speculation centered around who was to be manager of the team. As is mentioned above that matter is in the air yet. A game with Paterson is scheduled for Tuesday night.

## NARBERTH TENNIS CLUB TO BE HOST

Pennsylvania State Clay Court  
Tourney Opens Here  
Next Week.

EXPECT LARGE ENTRY

On Saturday, July 21, the Pennsylvania clay court championship will open on the courts of the Narberth Tennis Club at Haverford and Montgomery avenues. Entries for the tourney are being received by W. D. R. Evans, 209 Price avenue, chairman of the Tournament Committee. The events scheduled are men's singles and doubles.

A large entry is expected to compete for the Narberth cup donated by A. D. W. Smith, among them many of the stars of this section, Carl Fischer, winner of the trophy in 1926; Fritz Mercur, winner in 1926; Sam Gilpin, winner in 1924 and 1927; Harold Lane, Harold Colburn and many members of the Narberth Club.

Work is being rushed on the club courts in order to have all in the best possible playing condition. New wire netting has been installed around the lower courts, which have been built up and regraded with a view to preventing the washouts which kept them out of use so much last season.

The weather permitting, the finals should be ready to run off the following Saturday, July 28, but with the daily downpours this section has been favored with nothing definite can be decided upon.

## TAILORS WILL PARADE

New M. L. Association Will Close  
Shop Wednesday and Go on  
Picnic.

Most tailors' establishments on the Main Line will be closed Wednesday, when their new trade body will stage its first annual picnic. Final plans for the affair were made Tuesday night at a meeting of the Main Line Tailors, Cleaners and Dyers' Association in Moose Hall, Bryn Mawr.

At 9 A. M. Wednesday the tailors' cars will form in line at Bala avenue and City Line, Bala, for a parade through the Main Line to Schwenksville, where, in the Memorial Park, their picnic will be held. The line of parade will be as follows:

From City Line up Bala avenue to Montgomery pike, to Haverford avenue, Narberth, along Haverford avenue, out Essex avenue to Windsor avenue, to Wynnewood road, to Lancaster pike and out Lancaster pike to Malvern, thence through Norristown to the Ridge pike and on to Schwenksville.

Three new members were admitted Tuesday into membership in the organization, which already numbers almost all the tailors on the Main Line. They are Frank Jones, Levering Mill road, Cynwyd; Arcade Cleaners and Dyers, near Meeting House lane, Narberth, and a Malvern tailor.

The association's first observance of its summer Saturday P. M. closing rule was last week; and the tailors extended a vote of thanks to the communities they serve for passive co-operation in enabling them to enjoy longer week-ends during July and August.

## ANOTHER TREAT IN STORE FOR FANS

House of David Will Play Narberth Club on Next  
Thursday.

WEAR LONG BEARDS

When it was announced that Hildale would play here it was thought that no other games as important could possibly be scheduled. And now comes the news that the House of David team, long-haired ball players of big league caliber, will be seen on the playground in action against the Narberth ball club next Thursday, July 19, at 6.15 o'clock.

This marks the first appearance of this team on the local field, and this spring is their first appearance in Philadelphia for eight years. They have been busy taking over such teams as Harrowgate, Wentz, Olney, Corley; while more recently they too, lost to Hildale, and this week the Bacharach Giants took their scalp.

All members of the House of David, a unique religious organization of Benton Harbor, Mich., the players are unique on American baseball diamonds because of their long flowing beards and hair. Several are such first-class players that they have received offers from the big leagues, providing they have a tonsorial operation performed. None has accepted, however.

Extended negotiations were necessary before this team could be signed and, as they require a large guarantee, the club officials hope that donations will be generous.

## MONDAY WAS HOTTEST

But Weather Is Not Exceptionally  
Warm Says Main Line Observer.

When the thin red line crawled up to the 94 mark in Charles J. A. Decker's thermometer at Narberth Monday, the Main Line Weather Man mopped his brow and remarked, "This is the hottest day so far this year."

But when Tuesday's high and low temperatures, respectively were recorded at only 83 and 69 degrees, Mr. Decker remarked that the weather this month is slightly warmer than normal.

High and low temperatures for the only-slightly-warmer-than-normal weather the Main Line has been experiencing the past week, are as follows: last Thursday, 87-67; Friday, 78-65; Saturday, 87-59; Sunday, 92-64; Monday, 94-70; Tuesday, 83-69. Precipitation amounted to slightly over two inches during the week.

## EXTRA COLLECTIONS

An extra collection of ashes and rubbish will be made during the week of July 16 and the week of August 20. The regular August collection will be made the week of August 6. These extra collections are being made as an experiment since the amount of rubbish has been steadily increasing.

In regard to the special collection of trash on Haverford avenue, the superintendent of public works requests that store proprietors refrain from littering up the sidewalks the night before collections, but get their rubbish out early the morning of the collection.

## COUNCIL STAGES COATLESS MEETING

Hot Weather Inspires Mem-  
bers to Quick Transac-  
tion of Business.

NO COUNTY AID AS YET

All coatless and several in white trousers and knickers, the borough fathers met last Monday night at the Community Building for the transaction of business.

The finance committee reported that an agreement had been made with the fire company, pending acceptance by Council, for the use of the new Council chamber for two years, beginning July 1, 1928. The rental paid by Council will be \$1600 for this period and all borough activities will be housed for this sum. This arrangement was accepted by Council. Furniture is being purchased from John Wanamaker for the Council chamber, which will doubtless be occupied by Council at the August meeting.

It was disclosed by Burgess Henry A. Frye that Police Superintendent Smith, of the Lower Merion force, has arranged to install red lights on all police call boxes throughout the borough at a cost of \$18 per year per light. These boxes will then be available for use in reporting fires. The five borough boxes are located at the following points: Haverford avenue, at the corner of the Narberth Tennis Club; Grove place, Chestnut and Woodside, Dudley and Essex, and at the station opposite the post office.

The Adjustment Board reported that the request of Mrs. Mary E. Brooks to rezone her property at 109 N. Narberth avenue for business purposes had been refused, as it was felt there was no immediate need for such a move. An added recommendation was made that Council determine from the borough solicitor the method to be pursued to amend the zoning ordinance.

An unofficial report by R. F. Wood, of the Highway Committee, showed that the chances of getting county aid for Wynnewood road this year are slim. After a nonchalant inspection the county commissioners were of the opinion that it would last a while longer, and that there were too many others anyway throughout the county requiring assistance. The committee, however, will file an authoritative estimate with the county authorities with the hope of standing well up on the list of beneficiaries for next year.

That the county aid will not come through the merits of the case seems to be taken for granted, so it is probable that political pressure will be brought.

The report of the building committee shows that eight permits were issued during June for operations amounting to \$14,775, chiefly alterations and garages. The building inspector reported 58 inspections made during the month and seven completed operations.

With business transacted in quick fashion the motion for adjournment was made at 9.55

## TELLS OF LIFE

Henry Is Balcynar Rotary Speaker.  
Croyle Reports Convention.

The life history of Hardware man E. A. Henry, Jr., formed the topic at the weekly meeting of the Bala-Cynwyd-Narberth Rotary Club Tuesday. Mr. Henry's talk was one of the club's series on the biography of each member.

The speaker traced his progress from the time he left school until his purchase of the hardware store on Bala avenue from Joseph Dolan, Sr. He had previously been in the marble industry and building.

Following Mr. Henry's brief talk, president Guy Croyle told the members of incidents connected with the recent convention of Rotary International at Minneapolis.

## SUPERVISES TABLE

Henry Kast, 222 Haverford avenue, chief chef at the Montgomery School and formerly at the Normandy, is in charge of the kitchen for the summer at the Pine Tree Inn, Ardmore Hills, West Chester pike.

## BASEBALL SCHEDULE

The coming week is a busy one for the Narberth Baseball Club. The opening game of the Main Line League is today, a return game with the Main Line Tigers at Bryn Mawr Monday and the House of David Thursday. The week's schedule is as follows: Saturday, July 14, Ardmore (Main Line League); Monday, July 16, Main Line Tigers (at Bryn Mawr); Wednesday, July 18, Oriental A. C.; Thursday, July 19, House of David. This menu should be attractive enough to tempt the most hard-ened fan playgroundward.

## BEETLES INVADE MAIN LINE AGAIN

Are joined by 17-Year Cicada.  
Rains Delayed Annual  
Appearance.

SPRAYING SUGGESTED

Lower Merion and Narberth are again being invaded by thousands of Japanese beetles, and in addition the first of the 17-year cicada, or locusts, are making their appearance here. Delayed by the rainy weather in June, the beetles are descending by millions upon green things in this vicinity. A quarantine has been placed by the United States Department of Agriculture on Montgomery and 19 other counties of Pennsylvania, and will continue until October 15.

For the last few days great numbers of the beetles have been reported in many Main Line districts and although the peak of their appearance is still a few weeks distant great caution is being taken at the present time to check the advance of the pests as much as possible.

The first of the 17-year cicada, usually known as locusts, also are appearing in this section. According to prediction, the cicadas will cover Eastern Pennsylvania, New Jersey, Maryland and Virginia, but, unlike the Japanese beetles, they are not exceptionally harmful. Observers state that taking of food is not a necessary feature of the cicada in its adult stage, and according to Government experts "the feeding habit is unusual and such food as they do take does not apparently harm the trees."

Many authorities on beetles regard this as the crucial year for Philadelphia and vicinity and private individuals, along the Main Line are joining in the warfare by spraying their trees and shrubbery. Many of the golf clubs have had their sod treated and some communities have united and purchased sprayers, which will be used in an attempt to check the pests.

Many believe that more beetles than ever before will be found here this year, claiming that the invasion runs in cycles, the pests increasing yearly until the peak is reached and then slowly diminishing annually. This theory is strengthened somewhat by the fact that even now, several weeks before the peak period, thousands are already appearing. The general invasion is expected to be slightly later than in former years because of the recent rainy season.

## FUND COMPLETED

Final Contributions for Fourth Listed

Through the generosity of the citizens of Narberth a total of \$738.18 was contributed for the Fourth of July Fund. Although the committee has not closed up all accounts yet it is expected that this sum will be ample to cover all expenses. An additional list of contributions received too late for publication last week follows: Marcell Barnado, 50 cents; Mrs. Winer, 25 cents; Durbin and Howard, \$5; Ella Codefroy Reichner, \$1; Elmer B. Hankey, \$1; Narberth Taxi Cab Co., \$5; George W. Schultz, \$5; Edward U. Smith, \$1; Raymond M. Stanley, \$5; John E. Wetzel, \$5.

## PICNIC POSTPONED

Because of a conflict with the Main Line Tailors' Association outing the picnic planned by the Board of Trade for next Wednesday, July 18, has been postponed for a week. Unless further complications arise it will be held July 23, at the Brookline Square Club.

## LOCAL BOY SCOUTS LEAVE FOR CAMP

Departure to Delmont Follows  
Benefit at Narberth  
Theater.

WILL STAY TWO WEEKS

Thursday was Boy Scout night at the Narberth Theater. A "benefit" was given by the local organization in the interest of the summer camp known as Camp Delmont, along the Perkiomen. By this means, fourteen boys of Narberth will be privileged to spend two weeks in camp, under the supervision of the Boy Scouts of America, Delaware and Montgomery Counties Council.

The community spirit of Narberth was strikingly demonstrated by a "packed house" for the first show. During the intermission between the "shows" fourteen boy scouts, under the leadership of Assistant Scoutmaster Tom Merkle, conducted an investiture ceremony in which two scouts were initiated into the tenderfoot class.

This ceremony was very impressive and gave many parents their first glimpse of the scope and character of the work done by the scouts. Mr. Merkle recited the prologue. There were two scout color bearers, and as each of the twelve scouts was referred to a scout in full uniform stepped forward and placed a burning candle in a triangular receptacle in the center of the stage. In doing so, he defined the significance and meaning to a boy scout of the particular law which his burning candle represented. These laws are: trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean and reverent.

The scouts left Narberth for camp early this morning in privately furnished automobiles. They will be in charge of Mr. Merkle throughout their stay in camp. Motion pictures of their departure were made by the local theater. These will be shown on the screen as soon as printed.

An invitation to visit Camp Delmont is extended through "Our Town" to all parents. Visiting days are Saturday and Sunday. Meals and other accommodations for their convenience and pleasure will be furnished by the camp authorities.

The thanks of the boys are also extended to all who patronized the show last Thursday, which made it possible for Narberth to be represented with a troop of scouts in the Main Line section.

## APPOINT STERRETT UTILITY DIRECTOR

Chief of Des Moines Gas Co.  
Wins Suburban-Coun-  
ties Post.

WILL HEAD M. L. WORK

William H. Taylor, of the Philadelphia Suburban Counties Gas & Electric Company, on Wednesday announced the appointment of Harold Reid Sterrett as vice president of that company, in charge of the Main Line Division. Mr. Sterrett, who until recently was president of the Des Moines Gas Company, will have charge of the gas and electric operations of the Main Line Division, which includes portions of Chester, Delaware and Montgomery counties.

Mr. Sterrett's appointment follows the announcement of the recent consolidation of operations of the Philadelphia Suburban-Counties Gas and Electric Company, The Philadelphia Electric Company, and the Delaware County Electric Company.

Mr. Sterrett was born in Philadelphia on April 14, 1889, and was educated in the Belmont Grammar School and the Central Manual Training School. He graduated from the University of Pennsylvania as a mechanical engineer in 1911. Immediately following graduation he started his career with the United Gas Improvement Company as a street clerk in the

## OUR BALL TEAM

Streaks are of various kinds. There are streaks of color, streaks denoting speed, and winning streaks. The last named variety has been in evidence here as the Narberth Baseball Club added victory onto victory. Before bowing to Hildale six straight was reached. That this is a most creditable performance for a team with no paid performers few would question.

In our estimation Manager Fred Walzer and Business Manager Harry Hollar deserve a public vote of thanks for their work with the team this year. Walzer for rounding up the material and making the best possible use of it, and Hollar for the difficult task of scheduling games. That he has done his job well may be judged by the comparative absence of set-ups from the schedule, and the presence of teams here like the Penn A. C. and Hildale. (The Pennacs will doubtless recall the two games with Narberth, won by them, it is true, but only after rare battles.) And now on the heels of the Hildale game comes the House of David. What more can one ask?

Today finds Narberth back in the Main Line League, facing Ardmore in the opening contest. The reasons for returning to the league have been set forth before and there is no need to reiterate. One of the main facts to be kept in mind though is that all games will be played at home. Thus the strong feature of independent baseball is retained with the added zest of league competition. It will not mean that no teams outside of the league will be seen in action here, since the remainder of the week, Wednesdays especially, are open for games.

Narberth's chances for landing on top of the pack in the league are good; that is, if the team continues to receive the kind of support prevailing lately. Nothing can hearten a team more than widespread, loyal support. Will it be forthcoming?

## WHAT ABOUT THIS?

The anticipated accident which has been threatening to take place at Narberth and Haverford avenues has happened, but at the corner of Windsor avenue and Wynnewood road instead. It shows quite plainly the need for better police regulation of traffic at the baseball games. Two cars collided at the aforementioned corner last Wednesday night after the game, doing considerable damage to the machines and shaking up the occupants. If there were police on duty it does not speak well for their efficiency, and if there were not any regulating the flow of traffic there most certainly should have been.

The streets in the vicinity of the playground are narrow and dangerous enough when two lines of cars are parked along them without adding the menace of careless drivers and speed demons.

If the use of automobiles at public gatherings requires it the borough authorities can devise parking regulations which will be stringent enough so that the streets will not be all cluttered up with machines. Either this or better informal control by the police officers detailed to this section will have to come.

## AROUND TOWN

Lost, strayed or stolen! One "Dead End Street" sign which blatantly warned motorists that there is no outlet to Elm Terrace. A few weeks ago its end was forecast when some conscientious objector hung it with crepe and flowers. Now it has passed to its reward, whatever that may be. R. I. P. If it is replaced may it not be by another of its ilk.

Last Friday when most of the commuters were in town Haverford avenue received a new dress. It was a nice, sticky dress of tar and pebbles and extends from Narberth avenue to Montgomery pike. The chief result of this paving operation seems to be the vast number of little stones cast upon the sidewalks by automobiles using the street, making the walking most unpleasant.

The post office informs us (and we make no claim to a monopoly on this) that those cloggers of mail boxes, the picture postcards, may now be mailed for one cent. Doubtless this will be very salutary for the picture postcard business and we predict a period of prosperity for it, but it is not so good for library tables, which may break down under the strain. However, it is consoling to think that one can now make twice as many people envious for the same price as before. But pity the poor post office clerks at the shore and at all the other resorts throughout these forty-eight United States.

The only really comfortable people seen in town of late are the youngsters who parade around in bathing suits

of the most diminutive character. And, as though they were conscious of their superior comfort, these infants run gleefully about while woebegone adults mop their brows and curse under their breath.

## MAIN LINE TIGERS OUTSLUG NARBERTH

Gilfillan and McMonagle Are Stellar Performers in Twilight Fray.

By JOHN UBERTI.

In a thrilling twilight game, the Main Line Tigers, of Ardmore, easily conquered the local nine by the decisive score of 9-4. The visitors outplayed the Walzer men from every angle, Milton hurling a winning contest. The Narberth bunch did not seem to possess that deadly wallop of yore; they were minus that peppy feeling and thus lost their second consecutive game, both at the hands of colored teams.

Milton, on the mound the entire game, defeated Graham, Murphy and Master in the box for Narberth, allowing 9 hits against their 12.

Mulligan, local shortstop, usually dependable and often brilliant, has not been so impressive of late with several errors chalked up against him.

In the third inning Bob Gilfillan socked the apple for a four-bagger as the Narberthites yelled themselves hoarse and the colored aggregation watched stupefied.

In the eighth McMonagle, leading base stealer, performed another of his stupendous feats as he stole second, third and tallied number four as he stole for the pentagon. As usual, Mac was loudly applauded.

In the third the visitors nabbed four, but their lead was quickly reduced to one as Narberth tabbed three in the same inning.

Perry singled and White took first as Mulligan muffed one and later stole second. Link walked and Milton fied to Lindsay, who threw wildly to Humphries, enabling Perry and White to come home, and Link, having crossed the rubber platter, was called to third as the ball landed on the local dugout, making it impossible to be played. Brown tripled, scoring Link and Long forwarded Bank.

Gilfillan started the trouble in that same inning as he slammed his circuit clout to center, followed by Lindsay's triple. Humphries grounded to right, scoring Lindsay, and Master singled. Harris sacrificed Humphries and Master and Humphries crossed the pentagon as the catcher muffed Milton's wild throw. Walter's failure to steal home retiring the team.

The fifth saw the colored men add two more as Brown singled and later was scored by Bound, who, in turn, was brought home as Perry pushed the horseshoe over right field.

The visitors continued to pile up a decisive score as they grabbed one in the sixth and two in the following inning.

In the eighth and final inning Narberth managed to tally number four with McMonagle the contributor. Master singled and McMonagle forced him out on second as he avoided a double play. Martin, substitute catcher, batting for Graham, passed a ball as McMonagle stole second. Martin then singled and Banks, concentrating on McMonagle, heaved home to avoid his scoring as Martin took to second with ease. Gilfillan passed another as Mac stole third, and immediately stole across the fourth platter for number four.

## CIRCULATION GROWING

The library statistician, Mrs. Chauncey Davis, released some figures of interest this week. For the sixth-month period just passed since the first of January, 1928, 16,600 books have been loaned, which is 4000 more volumes loaned this year than for the corresponding period last year. The library trustees' meeting scheduled for last Tuesday was postponed till next month for lack of a quorum present.

## Ranks Second

Pennsylvania ranked second among the States in the number of hunters' licenses issued in 1927 and in the amount of revenue received, according to a compilation just announced by the United States Department of Agriculture. The report shows more than 5,750,000 licenses to hunt, producing a revenue of \$7,800,000 issued to the sportsmen of the United States and Alaska. New York State led with 620,414 licenses and \$822,415 revenue and Pennsylvania had 524,078 licenses and \$649,549.10 in revenue. Ohio was third and was closely followed by Michigan and Washington.

# The FIRESIDE

Mr. and Mrs. James R. Cole and brother, Mr. William Sewell, of 100 Chestnut avenue, have left on a motor trip through the provinces to Montreal and Quebec, Canada.

The Misses Elizabeth and Minadel Venemann, 212 Hampton avenue, are spending two weeks with cousins, Mr. and Mrs. William G. Wrightson and family, of Plainfield, N. J.

Mr. and Mrs. William H. Creamer, Jr., of Narberth and Merion avenues, have opened their summer home on Hand avenue, Wildwood, N. J.

Mr. George A. Bach and family, of Anthwyn road, are in Rehoboth, Delaware, for the season.

Mr. and Mrs. Walter Cowin, of 206 Merion avenue, have gone to Capitol Island, Maine, for several weeks.

Mr. and Mrs. Arthur W. Burns, of Woodside avenue, are staying in Albion, Michigan, for some time.

Miss Jane Nicolas, of Hazelton, Pa., arrived Thursday to be the guests for about five weeks of Miss Rosalie Mellor, of 116 Chestnut avenue. The Mellors are planning to leave the latter part of this month for Stone Harbor, where they will spend the remainder of the summer.

Mr. and Mrs. W. Russell Green, of 440 Woodbine avenue spent a few days this week in Williamsport, Pa.

Mrs. Anne Fleck, of Montgomery avenue, has gone to Wildwood, N. J. for the rest of the season.

Mr. and Mrs. Clarence H. Woolmington and family of Narbrook Park will leave soon for a motor trip through New York and Canada, and return later to spend the remainder of the summer at Ocean City, N. J.

Mrs. Walter Y. Shaw, and Miss Ellen Shaw, of South Narberth avenue, are in Cape May for several weeks.

Mrs. Peter Miesen, of 158 Merion avenue, sailed last Saturday from New York for several weeks' tour of Europe. Her niece from New York went with her, and after visiting relatives in Germany, they plan to visit several other countries.

Miss Anabell Needham, of Chestnut avenue, has gone to Camp Wawona, in New Hampshire for the summer.

Mr. Warren Hubbard and family have returned to their home on Hampden avenue from Orange City, Florida, where they have been since November.

Mr. John J. Fitipoldi, of Merion returned recently from a two months' pleasure trip abroad. His itinerary included Italy, France, England and Switzerland.

Miss Alice Smith and her mother, of Valley View road, are guests at The Inn, Buck Hill Falls, Pa., for a few weeks.

Mr. and Mrs. Louis Mandes, of Ardmore, are being congratulated on the birth of a daughter, Mary Lou Mandes. Mrs. Mandes will be remembered as Miss Marie Clayton.

Mr. and Mrs. H. W. Hangen and family spent Sunday with Mrs. Hangen's parents, Mr. and Mrs. A. W. Needham, of 103 Chestnut avenue. Mrs. Hangen was Miss Aileen Needham.

Mr. and Mrs. Albert H. Nulty, and their three children, of Meeting House lane, and Miss Alice Maguire, will spend this week-end in Cape May, N. J.

Mrs. E. D. Friebertshausen and her three young sons, will return today to her home in Wheeling, West Va. Her sister, Miss Odessa Stackhouse will accompany her to Pittsburgh, and will spend the week-end there.

Mr. and Mrs. Frank Stiefel formerly of West Philadelphia, are occupying their new home at 305 Woodside avenue.

Mr. and Mrs. John Kuns, of Williamsport, Pa., are guests of Mr. and Mrs. Walton M. Wentz, of Wayne, avenue.

Mrs. Jack Stoddard, of Hampden avenue, is entertaining a friend from Altoona, Pa., for several days.

Mr. and Mrs. William Jones, and daughter, Doris, of the Girard Estate, were guests last week of Mr. and Mrs. G. N. Gill, of Dudley avenue.

Louis V. McCarthy, of Anthwyn road, is spending his vacation in Saranac Lake, N. Y.

Mr. and Mrs. Russell Basler and child, of 219 Iowa avenue, are visiting Mrs. Basler's mother in Mt. Tremper, New York. Mr. Basler is on the staff at the Narberth Post Office.

Mrs. J. J. Reilly, of 11 Elmwood avenue, left on June 1 for a two months stay in Hollywood, Calif.

The Misses Jane and Patricia Stevens, daughter of Mr. and Mrs. Howard F. Stevens, 420 Haverford road, have returned home from a five-weeks visit at Sunset Lodge, the estate of their uncle, Mr. Guy N. Stevens, on Lake Michigan near the Straits of Mackinac, motoring home by way of Niagara Falls and Watkins Glen.

Mrs. T. E. Laughlin and son, Thomas, who have been visiting with relatives in Rhode Island for the past three weeks, have now gone to Portland, Maine for the rest of the summer.

## Go in Training

Several Lower Merion and Narberth men are among those in training at summer military camps. Assigned to the 304th Engineers, 79th Division, at the Army's chief engineering post and training school at Fort Humphreys, Va., are Captain R. E. Hamilton, Merion, and Major Thomas Jenkins, Ardmore.

Donald W. Laird, 416 Woodside avenue, Narberth, is in training at the Fort Howard, Md., post of the Citizens' Military Training encampment.

Arthur S. Hicks, Bryn Mawr, reported for advanced work in the C. M. T. C. at Fort Monroe, Va., Saturday. He has been assigned to Battery "C" in the Coast Artillery.

# "Slump," Aver Merchants--"Not So!" Some Opine, and They All Know Why

Rumors that the Autocar Company at Ardmore had laid off 200 employees Saturday were denied by Robert Fellows Wood, Narberth, publicity manager of the truck manufacturing company, in an interview Wednesday.

"So far as I know," he said, "they have no foundation. Of course we always have a labor turnover, with a few employees fired and others hired, every so often. But as for a large number being laid off—that's ridiculous.

"We are operating on a five-day-a-week schedule, and our outlook for future business is very good. As a matter of fact, we have been unable to keep up with the demand for the six-cylinder models, which were introduced this year.

"Production in June was the largest in several years."

## Is Slump Abnormal?

The Autocar Company is only one of several business houses on the Main Line about which reports of poor business conditions have circulated recently. Whether or not trade is subnormal has become a matter of conjecture almost as lively as that concerning the reasons for an alleged slump in business in general.

That business is not so prosperous as it has been is the consensus of opinion along the Main Line, and everything from weather conditions to the Presidential election is blamed.

The proprietor of a large Narberth bakery opines that unseasonable weather is the chief cause of poor trade conditions.

"We've had summer weather in spring, cool weather in early summer, showers and hot weather later on, and warm autumns and none-too-cold winters, until it has hurt," he declared. "The private consumer doesn't buy new straw hats and electric fans if early summer is not hot, and he is economical in buying clothes during extended rainy seasons, such as we had in June. Last month's cool weather hurt my ice cream business somewhat, and it prevented many sales of electric fans and other summer goods from Main Line business men.

"Multiply that condition all over the country and you find factories running on part time, employees taking less wages or going without jobs for months and a general let-down in prosperity. If we have another mild fall and winter, overcoat manufacturers and others in kindred lines will suffer again."

When asked if weather conditions are not unseasonable almost every year during parts of the year, the baker was unable to see that that query had any bearing on the subject.

## "Back to Normal!"

"Yes, business is poor, but only comparatively so," was the opinion of an Ardmore business executive. "When we carp about poor conditions we forget what they were before the war. When prices were high our scale of living went up, and now, as prices and wages come down, we find it hard to adjust ourselves to the lower level.

"But after all business is not poor—many of us merely feel dissatisfied that the flow of trade is only good and not at is war-time abnormal peak."

Bad credit conditions are an effect and a cause of a certain slump in Main Line business, according to a Cynwyd bank official. "Individuals buy cars and household luxuries that have become almost necessities, such as electric refrigerators, washers and other devices, and they sign judgment notes for them, which they pay in installments over a period of time.

"If payments are not made promptly the car or other purchase is seized. And that means private individuals pay for things that might be termed luxuries, while their local trades people are unable, because of friendly contact and in spite of polite dunning notices, to collect their bills."

An Ardmore publisher is of the opinion that an increased tendency to buy this year's luxuries and necessities with the income of next year and the year after, is a cause of a credit situation which has become noticeably tighter in the past year.

"We take advantage of credit facilities and charge accounts," he declared, "to purchase commodities now for which we will not be able to pay until later. In the meantime, we figure, our income will continue mounting, just as it has

since the war. But the peak has been reached and now only a retrenchment all around will enable the private individual to pay his bills promptly, as they should be paid, and place him in a position ultimately where he will feel he can afford to buy more goods and pay for them promptly."

According to many merchants there seems reason to believe that better conditions are in sight here. Lower Merion's June building total was the highest for the year, and exceeded that of June, 1927, by \$749,119. Bank deposits continue mounting. Those of the Bala-Cynwyd National were \$499,051.22 at close of business June 30, and were the highest in the history of the bank. Deposits in the Cynwyd branch of the Merion Title and Trust Company, longer established, topped the million mark in May for the first time in its history. Other Main Line banks are able to point with equal pride to increases in their deposits made by private individuals and merchants in a reflection of their prosperity.

## Goes After Grafters

District Attorney Renninger has begun a crusade to rid Montgomery county of grafting constables and special officers and of complacent magistrates who assist in preying upon motorists on country roads.

Disclosures that have followed the arrest recently of a constable trapped by State police, from whom he is said to have accepted \$100 in marked bills, have convinced county officials that the practice of mulcting motorists is widespread. Thousands of dollars are being paid, it is said, by motorists anxious to "hush up" cases.

The attention of the District Attorney's office is being directed toward a small army of constables and "special officers" who patrol numerous highways west and north of Lower Merion. The minor officials receive no regular salaries, and are dependent for a living solely upon fees they collect. Most of them ride motorcycles and wear uniforms which resemble those of State patrolmen.

## L. M. MILK GRADES

Arranged by Township Health Board Chemists, for June.

| Certified Milk.     |                                |                     |                       |
|---------------------|--------------------------------|---------------------|-----------------------|
| San. Grade          | Dealer                         | Butter Fat by Anal. | Butter Fat Guaranteed |
| 97                  | Wawa Dairy                     | 4.25                | 4.1                   |

### LIBRARIES COMPARED

Local Councilmen Visit Another Borough Library.

Recently the members of the Borough Council visited another borough in order to get pointers in reference to the furnishing of the Council room in the remodeled fire station. They were hospitably received by the officers of that borough who escorted them about. The name of that borough is not mentioned here lest someone might think that it was ungracious to accept their hospitality and then to give publicity to comparisons which are favorable to Narberth. Naturally, the local Councilmen would not have gone there if they had not been convinced in advance that they could learn things of advantage to Narberth and from that point of view the trip was successful.

In the course of their visit they were taken to the library of that borough. It is housed in a separate building which was provided by Andrew Carnegie. The building is attractive and contains greater facilities than those here. Everything indicated that that library is efficiently managed and constantly used by the people of the community which has a population slightly larger than Narberth, but comparative figures proved to be interesting. That library circulates an average of 1400 books a

month from a total collection of 9000. The Narberth library circulates an average of 2800 books a month from a total collection of 6600. That library is open every evening; this library is open every afternoon, except Saturdays and Sundays, two mornings and one evening each week. When the local Councilmen were ushered into that library by the Burgess of that borough and introduced to the gracious and competent paid librarian, she remarked immediately, as soon as she heard that the delegation was from Narberth, "Oh, you have an excellent library there; I hear it talked about at meetings of the Librarians' Association."

# Your Buick Dealer stands back of the USED CARS he sells

Your Buick dealer's reputation is worth far more to him than the profit on any used car transaction.

He is the head of an established business. He expects his business to grow steadily, year after year. He knows that to get more business, he must continue to please his present customers.

He carries a representative stock of used cars—including both used Buicks and cars of other makes. He offers you your choice of many makes and models, covering practically every price range.

You can ask his honest opinion of any car in stock and receive an honest answer. He wants you to be satisfied with the purchase you make because he wants you as a used or new car customer.

You're sure of a square deal when you buy from the Buick dealer. He knows that it is good business to stand back of the used car he sells you.

## RECORD CROWD SEES HILLDALE WIN

CONTINUED FROM THE FIRST PAGE

as Humphries tripled, scoring the three men on base, lack of former speed alone robbing the veteran of a home run. Mulligan's out ended hostilities.

The next period saw two triples by the visitors and a double play by Narberth, Lindsay to Gilfillan, scattered among many singles and doubles. Narberth's fourth came after Gilfillan singled and stole second, McMonigle and Humphries walked and Mulligan scored Gilfillan with a single.

The visitors continued their cannonading in the following inning, the end of which found the score 13 to 5 in their favor. Warfield doubled, Cannady did likewise as the ball slipped through Mulligan's legs, and Charleston tripled, coming home as Hampshire muffed McMonigle's long heave. Dallard walked and Johnson landed on Durbin's first offering for a double. Stevens sacrificed Dallard and Mike threw out Cockrell.

Durbin showed himself no slouch with the hickory, practice or no practice, landing on the first ball pitched for a double. Townsend repeated his performance, scoring Durbin. Gilfillan popped to third, Lindsay fanned and Master was put out at first.

The seventh saw the last scoring as Narberth registered three. Humphries and Mike got on first, Harris, batting for Hampshire, walked. Durbin singled, but Harris was forced out at second as Mulligan crossed the plate. Townsend walked and Gilfillan doubled, scoring Durbin and Townsend.

The eighth was scoreless for both teams and the game was called. So on the eve of the return to the Main Line League Narberth's record reads: Won 13, lost 8.

The box score:

## HIGHWAY REPORT

Extra Summer Collections and Sidewalk Repairs Cited.

In the highway report presented to Council at their meeting last Monday night by Robert Fellows Wood attention is called to the additional collections of ashes and rubbish throughout the borough. About forty property owners are in default on the sidewalk repairs, which will now be completed by the borough. The complete report follows:

After allowing 30 days to elapse, twice the legal time limit, this committee has inspected all of the sidewalks and curbs for which repair orders were served on June 1, and has instructed the Superintendent of Public Works to secure competitive bids on the cost of making the repairs for about 40 property owners who are in default. We shall award these jobs to the lowest bidder and proceed with the work during July. We recommend that the precedent of 1927 be followed and that when the bills for these defaulted jobs are sent out they should carry the notation that the 10 per cent. penalty, which the ordinance provides, may be subtracted in lieu of a cash discount, provided the bill is paid within 30 days from the date thereof.

We recommend that a No. 2 city type inlet be installed at the northwest corner of Chestnut and Essex avenues at a total cost of not more than \$75. We recommend that we be authorized to require the public utility companies concerned to lower the location of their pipes near the intersection of Narberth and Haverford avenues, especially gas and water pipes, so that we may be able to improve the intake and flowage of the inlets at the Cooper and Crane corners, so-called. We estimate that the borough expense involved in this work will not exceed \$50.

Experience this summer has indicated that the collections of ashes and rubbish are steadily increasing in volume. We recommend that in addition to the monthly collections, previously provided for, additional collections should be made all over the borough in the middle of July and the middle of August, but with the understanding that this is a temporary and experimental procedure which need not serve as a precedent for another year.

In addition we submit herewith and make a part of this report two letters summarizing the details of last month's work which were addressed to this committee by the Superintendent of Public Works on June 30.

## SEEK LICENSES

Eleven From Here Take Insurance Examinations.

Eleven from Lower Merion and Narberth were among the 33 from Montgomery county who were scheduled to take examinations for insurance licenses Saturday, according to Homer W. Teamer, secretary manager of the Insurance Federation of Pennsylvania. They are:

Life Section—Maurice V. Myers, Bryn Mawr; Samuel Herbert Ourbacker, Ardmore; Albert Paul Shalet, Bala-Cynwyd; William Wells Wanamaker, Narberth.

Fire Section—Earle Eugene Baruch, Merion; Charles E. and Victor C. Mather, Haverford; and Ellis H. Winchell, Ardmore.

Casualty Section—Earle Eugene Baruch, Merion; John P. Fleming, Ardmore; John Lamon, Cynwyd; and Henry J. McJean, Wynnewood.

## APPOINTS STERRETT

CONTINUED FROM THE FIRST PAGE

Philadelphia Gas Works.

In 1916 he went to Des Moines, Iowa, as Engineer of Distribution of the Des Moines Gas Company. In 1920 he was made engineer, a position he held until 1921 when he became manager. In 1927 he was promoted as vice president and manager, becoming president in October, 1927, until his resignation to accept his new position.

While in Des Moines he was a member of the Chamber of Commerce, the Iowa Engineering Society, the Des Moines Engineers' Club, the Co-operative Club of Des Moines, the University Club, Hyperion Field and Motor Club, the Des Moines Club, Grant Club and the Des Moines Golf and Country Club. He is a member of the Capital Lodge, No. 110, A. F. & M. and the Des Moines Consistory, No. 3.

He married Miss Florence L. Stiles, of Philadelphia, and they have three children.

## TWO TOTS INJURED

CONTINUED FROM THE FIRST PAGE

car going south on Church road. A report was filed at police headquarters, but little damage was done.

At 9:30 P. M. Mrs. Sherman Lillard, 10 Schiller avenue, Narberth, was walking across Montgomery pike, east of Brookhurst avenue, pushing the coach for her three-year-old baby, Alice, when the child, who had been toddling by her mother's side, darted ahead of the coach and ran into the right rear fender of a car driven eastwards on the pike by Theodore H. Hart, 6436 Overbrook avenue, Philadelphia. The car knocked the child down, bruising her about the head.

She was rushed to the Bryn Mawr Hospital, where she was found to be suffering from her bruises and from fright. Four days later she was still at the hospital, but her condition was declared by the authorities to be improving nicely.

## NARBERTH TAKES SIXTH STRAIGHT

North East Was Victim Last Saturday on the Playground.

THE SCORE WAS 4 TO 1

By JOHN UBERTI

Anxious to witness Narberth take their sixth straight, over 400 people thronged the Narberth ball park to support the home team in their victory over Northeast. By defeating the Philadelphia club Narberth took another step towards the baseball throne; another step closer to the monarchs of the diamond. Victory over Northeast, however, was well earned, since the visitors played brilliantly throughout the contest. Their defeat was due to poor moundmanship. Master, on the hill the first five innings, and Townsend relieving him from then on, were the hurling heroes of this gruelling pitching battle. Cunningham, opposing pitcher, was quite fortunate during this fray. He had little control over his heaves, the majority of the local boys getting as many as two and three balls before they fled to some lucky player. Cunningham's performance on the mound and the umpire's decision resulted in the downfall of the visiting team. The majority of the unpopular decisions were by the base umpire; they became so monotonous that even the Narberthites showed their disapproval.

Mulligan chalked up the first as he opened on Cunningham with a single; he stole second and scored on Gilfillan's one-bagger, the shortstop's error aiding in the homecoming.

In the third inning Walter displayed magnificent hurling as he blanked the first, threw out the second and watched the hird man up miss three strikes.

The one run lead which Narberth took in the first was held for five innings; four inings of gruelling hurling which enabled the local moundsman to prevent a tie, but the fifth "did the works."

Cox was thrown out, Fairburn singled to Harris and later made a brilliant steal to second; Hampshire threw to Gilfillan, playing first, who thinking Fairburn was still behind him, failed to throw him out approaching second. A. Donnelley doubled to Townsend, who made a vigorous attempt to nab the ball, thus forwarding Fairburn. Cunningham fled to Mike and Walter blanked Barger.

However, the tie was quickly broken in that same inning. Harris hit the first pitched ball for a single. Cunningham, who repeatedly threw to first trying to throw out Harris, was beaten at his own game as Bob succeeded in taking second as the first baseman muffed one of Cunningham's throws. McMonagle fled and Gilfillan singled to left, advancing Harris. Gilly took to second as the "backstop" attempted to oust Harris on third. Harris, on his way for the pentagon before Walter made his swing, which resulted in a putout, reached the plate in safety and Gilfillan scored as he beat the throw which had ousted Masters.

In the sixth Narberth tallied their fourth and final run. Gilfillan took first on the shortstop's error and Townsend singled, but reaching first on a very heady play, baffling the first baseman who prognosticated his retirement by suddenly falling to the ground and extending his legs to the sack. Humphries sacrificed Gilfillan, who was later forwarded by Hampshire's drive to center. Harris sacrificed Townsend and Hampshire, while Mac was thrown out at first for the third out.

Thus, our boys valiantly and determinedly pinned another scalp to their belts; but it is regrettable that this wonderful streak will never reach seven, for it does a game with the Athletics must be scheduled. (Ed. note—written previous to Hilldale game.)

The box score:

| NORTHEAST                   |    |    |    |    |    |  |    |    |    |
